

To our patients and friends,

As we continue to navigate the rapidly evolving situation regarding COVID-19, we want to assure you that our top priority is the health and well-being of our team, patients, and community. Following the recommendations of the CDC, public health officials, and California Dental Association, **we have decided to temporarily extend the closure of our office until further notice.**

- Due to the nature of our work, it is in everyone's best interest to do our part and make this difficult decision so that we can help slow the transmission of this quickly spreading virus and flatten the curve.
- **If you are experiencing a dental emergency during this time**, you can call **(626) 331-0688** to be connected to Dr. Danny.
- **If you are scheduled for an appointment during our closure**, we will do our best moving forward to reschedule you in a timely and convenient manner.

We will continue to evaluate this dynamic situation daily to determine when it is appropriate to resume to normal business hours. We wish you all continued health and we hope everyone stays safe and vigilant during these challenging times. We are all in this together.

Thank you,

Covina Family Dental
